National Productivity Council

(DPIIT, Ministry of Commerce and Industry, Government of India)

NOTICE FOR EMPANELEMNT

Whereas the Central Pollution Control Board (CPCB), vide Office Order dated 20 September 2025 to NPC, has issued the Standard Operating Procedure (SOP) for the Empanelment of Original Equipment Manufacturers (OEMs) of Air Pollution Control Devices (APCDs).

Now, therefore, the National Productivity Council (NPC), in pursuance of the said Office Order and the aforesaid SOP, hereby **invites applications for empanelment** from eligible OEMs of APCDs for installation/upgradation in industrial units in the National Capital Region (Delhi–NCR).

The scope of empanelment shall cover, inter alia, Electrostatic Precipitators (ESPs), Bag Filters, Cyclones, Wet and Dry Scrubbers, Fume Extraction System and other recognised categories of industrial APCDs.

Eligibility

- Entities duly incorporated and registered in India with valid GST registration, Permanent Account Number (PAN) and Consent-to-Operate from the competent Pollution Control Authority, if applicable; and
- Minimum three (3) operational installations within the last 3 years in India.
- For more information, please check the application form.

Application

- The application window shall remain **open on a continuous basis**.
- **Offline Mode:** Until commencement of the online submission facility, applications may be submitted in hard copy or through e-mail with all requisite enclosures and proof of fee payment at the office of the National Productivity Council, New Delhi, by speed post/hand delivery/registered post/courier and also via email.
  The detailed application form is at **Annexure 1.** (https://www.npcindia.gov.in/NPC/User/applicant_type_check1)
- **Online Mode:** Once the online facility is operational, applications shall thereafter be submitted **exclusively** through the NPC website (www.npcindia.gov.in).
- Applications must be in the **prescribed form**, accompanied by all supporting documents and the non-refundable fees specified in the SOP.

- Concessions in fees, where eligible, shall be available to Micro and Small Enterprises (MSEs), Local Suppliers and Start-ups in accordance with Government of India guidelines.

Date: 22.09.2025 Place: New Delhi

(K D Bhardwaj)
Director

Annexure 1: Application Form

Annexure 1: Application Form

Application Form

For

Empanelment of Original Equipment Manufacturers (OEMs) of Air Pollution Control Devices (APCDs) for Installation/Upgradation in Industrial Units in Delhi - NCR

Under

NATIONAL PRODUCTIVITY COUNCIL

NATIONAL PRODUCTIVITY COUNCIL

Under Department for Promotion of Industry and Internal Trade (DPIIT) Ministry of Commerce & Industry, Govt. of India

Lodi Road, New Delhi

General Instruction:

1. Only Original Equipment Manufacturers (OEMs) shall be eligible for empanelment.

2. The OEM shall be a Proprietary Concern, Private Limited Company, Limited Company or Public Sector Undertaking (PSU), duly incorporated and registered in India under the applicable laws, and shall hold a valid Certificate of Incorporation/Company Registration.

3. The OEM shall have been engaged in the business of manufacture and supply of Air Pollution Control Devices (APCDs) for a minimum period of Three (3) years within India.

4. The OEM shall possess a valid Goods and Services Tax (GST) Registration.

5. The applicant shall be liable to pay the following fees, **all excluding GST** (@18%):— (a) **Application Processing Fee** – ₹25,000/- (Rupees Twenty Five Thousand only), one-time and non-refundable, payable at the time of initial application; (b) **Empanelment Fee** – ₹65,000/- (Rupees Sixty Five Thousand only) per APCD model type, payable at the time of submission of the empanelment application; (c) **Field Verification Fee** – ₹57,000/- (Rupees Fifty Seven Thousand only), payable as and when field verification is required for empanelment. (Emission Testing Fees shall be charged additionally, on actuals). (d) **Annual Renewal Fee** – ₹35,000/- (Rupees Thirty-Five Thousand only), payable at least 60 days prior to the expiry of empanelment validity for renewal of empanelment.

   Explanation: In the event that an OEM seeks empanelment of five (5) products, the total fee payable, shall be: ₹25,000/- (Application Processing Fee) plus ₹65,000 × 5 (Empanelment Fee for five model types) = ₹3,50,000/- (Rupees Three Lakh Fifty Thousand only), **excluding GST**.

6. Payment of the aforesaid fees shall be made only through NEFT/RTGS to the designated account of the National Productivity Council. **Designated Bank Account Details:**

   - Account Holder: **NATIONAL PRODUCTIVITY COUNCIL**
   - Account Number: **026501000009207**
   - Bank Name: **Indian Overseas Bank**

- Branch: **Golf Link Branch, 70 Golf Link, New Delhi – 110003**
- IFSC Code: **IOBA0000265**
- GSTIN: **07AAATN0402F1Z8**
- PAN: **AAATN0402F**

7. The empanelment granted shall remain valid for the period of validity of the corresponding product certifications, provided that the OEM shall renew such empanelment annually by remitting the prescribed Annual Renewal Fee.

8. During evaluation, the NPC or the Central Pollution Control Board (CPCB) may seek clarifications or call for additional documents, which shall be furnished within the time limit stipulated by NPC/CPCB.

    - During empanelment, a field verification of installations for performance evaluation shall be carried out by NPC, and the prescribed Field Verification Fee shall be paid by the OEM prior to such visit.
    - Additionally, surveillance visits of the OEM's installations may be conducted as and when required. The related charges shall be borne by the OEM and paid to NPC upon prior intimation.

9. OEMs found qualified shall be empanelled and notified. Upon empanelment, a User Name and Password shall be issued for uploading product details on the designated portal, which shall be subject to verification, approval and publication.

10. The applicant shall furnish a declaration affirming that all information and documents submitted are true and correct. Any misrepresentation of facts or submission of false or forged documents shall entail rejection of the application and blacklisting of the applicant.

11. The OEM shall furnish, in respect of each APCD proposed for empanelment, the technical brochure, General Arrangement (GA) drawing, process flow diagram and design specifications.

12. The OEM shall furnish guaranteed performance parameters including, inter alia, pollutant removal efficiency (for PM10, PM2.5, SOx, Nox, etc), outlet emission concentrations and pressure drop across the device, supported by field data or test reports.

13. The OEM shall submit details of three (03) successfully operational APCD installations in the applied category during the last three (03) years, specifying the client, location, type of APCD supplied, design capacity, and year of commissioning.

14. The OEM shall provide information on Operation & Maintenance (O&M) requirements, including details of manpower, consumables, critical spare parts and recommended maintenance schedule.

15. The OEM shall ensure that the design and performance of the APCD comply with the emission standards prescribed by the Central Pollution Control Board (CPCB) and the relevant ISO standards for the concerned industry or process.

16. The OEM shall furnish an undertaking to provide after-sales service support and to ensure availability of spare parts for a period of not less than three years from the date of installation and commissioning.

Application Form

Applicant Details (To whom certification will be provided)

S. No.	Particulars	Please furnish Details
1.	Company Name	
2.	Full Address	
3.	State	
4.	Country	
5.	PIN Code	
6.	Contact No.	
7.	GST Registration No.	
8.	PAN No.	
9.	Type of Firm (Whether Proprietary/ Limited Company/ Society/ PSU)	
10.	Area of the firm (sqm)	
11.	No. of workers/employees (including contractual staff)	
12.	GPS Locations of the Unit	Latitude: Longitude
13.	Size (Micro/Small/Medium /Large)	
14.	MSE (UDYAM/ Registration Certificate) (if applicable)	
	Class-I Local Suppliers: With ≥50% local content (Auditor/Self certified).	

	Startups (With valid DPIIT Startup Recognition)	

15.	Details of Commercial In-charge / Authorized person (if any)			
	Name			
	Designation			
	Mobile No.			
	E-mail ID			
16.	Details of Technical In-charge (if any)			
	Name			
	Designation			
	Mobile No.			
	E-mail ID			
17.	Year wise Turnover of the firm for last 3 years (Attach audited certificate)	**2022-23**	**2023-24**	**2024-25**
18.	Bank Solvency Certificate (Issued within last 12 months)			
19.	Whether Plant qualifies to any international Standards: ISO 9000/ ISO-14000/ Any other standards			
20.	Whether blacklisted by any of the Government Institution (Central/State Governments) or State Nodal Agency in the past. (Yes/No). If yes provide details.			

21. List of APCDs being Manufactured by the Firm:

Sl. No.	Empanelment Category
1	APCDs installed on Boilers / Furnaces / Thermic Fluid Heaters (TFH) flue-gas emission control

2	APCDs installed on Non-Boiler / Non-Furnace / Non-TFH/ Non-heat dust/gas emission control

Note: If you have past experience in installing the relevant APCD under both Category 1 and Category 2, please mention 'both' in categories in the table below. If not, please indicate category '1', '2', as applicable.

Sl. No.	Type of APCDs based on the technology		Yes/No	Category (1/2/both)	Designed Capacity (give range)
1	ESP	Dry ESP (Plate/Tube Type)			
		Wet ESP			
2	Bag Filter/ Baghouse Systems	Pulse Jet Baghouse			
		Reverse Air Baghouse			
		Mechanical Shaker Baghouse			
3	Cyclones	• Single Cyclone			
		• Twin Cyclone			
		• Multi Cyclone / Multi-Clone			
		• High-Efficiency Cyclone			
4	Wet Scrubber	Venturi Scrubber			
		• Spray Tower / Spray Scrubber			
		• Packed Bed Scrubber			
		• Submerged Scrubber			
		• Multi-Stage Wet Scrubber			
5	Dry Scrubber	Dry Sorbent Injection			
		• Semi-Dry Scrubber			
6	Hybrid/ other	• Hybrid ESP–Baghouse			
		• Hybrid Wet–Dry Scrubbers			
		• Electrostatic Gravel Bed			
		• New advance/ patented /Hybrid technologies /Others	If yes, specify the type: _____		
7	Industrial fume/dust extraction system (except APCD)				

*Add row if required

22. List of APCDs to be empaneled with NPC:

SN	Type of APCDs based on the technology		(Yes/No)	Design Capacity
1	ESP	Dry ESP (Plate/Tube Type)		
		Wet ESP		
2	Bag Filter/ Baghouse Systems	Pulse Jet Baghouse		
		Reverse Air Baghouse		
		Mechanical Shaker Baghouse		
3	Cyclones	Single Cyclone		
		Twin Cyclone		
		Multi Cyclone / Multi-Clone		
		High-Efficiency Cyclone		
4	Wet Scrubber	Venturi Scrubber		
		Spray Tower / Spray Scrubber		

			Packed Bed Scrubber		
			Submerged Scrubber		
			Multi-Stage Wet Scrubber		
	5	Dry Scrubber	Dry Sorbent Injection		
			Semi-Dry Scrubber		
	6	Hybrid/ other	Hybrid ESP–Baghouse		
			Hybrid Wet–Dry Scrubbers		
			Electrostatic Gravel Bed		
			(New advance/ patented /Hybrid technologies /Others) If Yes, specify the type: _____		
	6	Industrial fume/dust extraction system(except APCD)			
					*Add row if required

23.	Does the firm have a documented grievance redressal system? Yes / No	
24.	Client Testimonials (minimum 3, preferably 1 from NCR)	Submit Client Performance Certificate (attached Annexure-12)

25.	Online payment details	
	Application Fees (₹25,000 plus applicable GST @ 18%, non-refundable) *	
	Amount Deposited	
	Name of the remitter Bank	
	UTR / NEFT no	
	Amount Deposited	
	Date of payment	
	Empanelment Fees (₹65,000 plus applicable GST @18% per unit, non-refundable) *	
	Number of APCD types applied for empanelment.	
	Amount Deposited	
	Name of the remitter Bank	
	UTR / NEFT no	
	Amount Deposited	
	Date of payment	

Note: Fee Discounts:

**As per GoI policies (MSE Policy 2012, PPP-MII 2017, Startup India), eligible OEMs get 15% discount on Application, Empanelment, and Renewal Fees:*

- *MSEs: On submission of valid Udyam Certificate.*
- *Class-I Local Suppliers: With ≥50% local content (self/auditor certified).*
- *Startups: With valid DPIIT Startup Recognition.*

Note: Maximum discount is 15%; benefits cannot be combined. The discount shall be reimbursed upon successful verification of supporting documents.

Declaration

- I hereby declare that all the information furnished above is true and correct to the best of my knowledge.
- In case of any false information or misrepresentation, my application may be rejected, and my firm may be blacklisted.

Seal of Company:

Documents to be submitted with the application

The OEMs must attach the list of annexures along with the application form:

S. N.	Particulars	Details to be Attached
1.	Company Registration Certificate **(mandatory document)**	Certificate of Incorporation / Udyam (if MSE) / Class-I Local Suppliers: With≥50% local content (**attached Annexure-3**)/ DPIIT Startup Recognition certificate (if a startup).
2.	GST & PAN Registration **(mandatory document)**	Valid GSTIN Certificate, PAN Card copy and bank account details **(attached Annexure-10)**
3.	Proof of Online Payment	Application fee transaction details / bank receipt
4.	Undertaking for Service Support	A notarized undertaking shall be provided by the OEM to ensure service support for a minimum period of three years after installation of the empanelled APCD (**attached Annexure-4**).
5.	Undertaking Regarding Non-Blacklisting **(mandatory document)**	Self-declaration on company letterhead (**attached Annexure-5**).
6.	Year-wise Turnover Certificate	Last 3 years' financial statements (CA-certified, with UDIN, authorized signature, and official stamp)
7.	Manufacturing Plant Certifications (provide, if available)	ISO 9001, ISO 14001, OHSAS/ISO 45001 or equivalent.
8.	Product Datasheets	Detailed specs for each APCD model
9.	Client Performance Certificates * (*For new advance/ patented /hybrid technologies provide minimum 1 client performance certificate	A minimum of three client performance certificates issued within the last three years shall be submitted for each APCD proposed for empanelment, with at least one certificate preferably from Delhi-NCR (**attached Annexure-12**). For example, if one Bag Filter and one Cyclone are to be empanelled, then at least three certificates must pertain to the Bag Filter and at

<table>
<tr><td></td><td>issued within the last three years.)</td><td>least three to the Cyclone. In such a case, two test certificates shall be submitted—one for the Bag Filter and one for the Cyclone. These test certificates must be issued by the same clients whose performance certificates are provided.</td></tr>
<tr><td>10.</td><td>Test Certificates of APCDs</td><td>Latest laboratory test reports (not older than three years) from NABL or EPA-accredited laboratories shall be submitted for the performance of each APCD proposed for empanelment.
Note: Client Performance report and test certificates shall be for the same Installations.</td></tr>
<tr><td>11.</td><td>Design calculations</td><td>Shall pertain to the installed APCDs for which the corresponding test certificates have been submitted.</td></tr>
<tr><td>12.</td><td>Material of construction certificates</td><td>Shall pertain to the installed APCDs whose test certificates are enclosed, indicating the materials used in fabrication. Along with the certificates, submit Annexure-11, covering all structural and mechanical components (attached Annexure-11).</td></tr>
<tr><td>13.</td><td>Warranty documents</td><td>Shall comprise the official warranty policy of the manufacturer specifying the coverage period, components covered, and service commitments. The warranty documents shall pertain to the installed APCDs whose test certificates are submitted.</td></tr>
<tr><td>14.</td><td>Bank Solvency Certificate</td><td>New or Issued within last 12 months
<table>
<tr><th>Company Category</th><th>Suggested Minimum Solvency Certificate Value*</th></tr>
<tr><td>MSE (small manufacturer)</td><td>₹10 lakh – ₹25 lakh</td></tr>
<tr><td>Medium company</td><td>₹50 lakh – ₹1 crore</td></tr>
<tr><td>Large / Heavy OEMs</td><td>₹2 crore or more</td></tr>
</table></td></tr>
<tr><td>15.</td><td>Experience in Installation of
APCDs
(mandatory document)</td><td>Provide experience for at least 3* installations in last 3 years in tabular form (attached Annexure-6a, 6b).
Note: If you are applying for 2 APCD then give 6 experiences 3 for each.
(*For new advance/ patented /hybrid technologies provide minimum 1 installation experience in last 3 years.)</td></tr>
<tr><td>16.</td><td>General Arrangement (GA) Drawing</td><td>Attach pdf.</td></tr>
</table>

17.	Process Flow Diagram (Separate diagrams for each APCD shall be submitted, in case their manufacturing processes are different)	Process Flow Diagram for manufacturing / assembling APCDs
18.	Consent to Operate Certificate **(mandatory document)**	If Consent to Operate (CTO) is not applicable to your organization, you must provide the Intimation Letter that was submitted to the State Pollution Control Board (SPCB) regarding the non-applicability of CTO. If you have not yet submitted this intimation to the SPCB, then, for the time being, submit the undertaking provided below. Once you receive a reply from the SPCB or obtain the acknowledgment/receiving copy of your intimation letter, you must share the same with NPC. For submitting the Undertaking for Non-Applicability of CTO. 1. Click on the this link and refer to Annexure-1 of the linked pdf. 2. Identify the sector under which your organization falls (it should be classified under the White category if CTO is not applicable). 3. Based on this classification, please submit the Undertaking for Non-Applicability of CTO in the format provided in **Annexure-9**, on your company's letterhead.
19.	Photographs of the unit covering the plant area, machinery, raw material storage, finished product storage area, Manpower etc. **(with geo tagging)**	Colour photographs (2 or 3)
20.	Technical catalogues / brochures.	Shall contain detailed specifications and features of the Air Pollution Control Devices (APCDs) proposed for empanelment.
21.	Organizational chart & staffing details	Attach the diagram
22.	Names, qualifications, roles & experience proof	Format attached at **Annexure-7.**
23.	GST filing proofs	GST returns of past 1 year

24.	No ongoing legal disputes/cases	Self-declaration affidavit (**attached Annexure-8**).
25.	Documented complaint-handling policy.	A written SOP or protocol explaining how customer complaints are received, logged, investigated, and resolved within defined timelines. Additionally, the complaint record book for the past two years shall be submitted for each proposed APCD.
26.	Escalation mechanism & evidence of corrective actions	A documented process outlining hierarchical levels for addressing unresolved complaints or equipment failures, along with records showing actions taken to resolve past issues, including timelines, responsible personnel, and resolution status. Additionally, at least one corrective action taken for each installed APCD shall be submitted.

Notes:

1. **Maximum file size of 10 MB is preferable for email.**
2. **Attach any other document based on the evaluation criteria given in Annexure-2**
3. **Please place all the attachment in one pdf file along with the application form**

Submit the duly filled-in application **first by email** to eca.group@npcindia.gov.in and **subsequently by Speed Post/Registered Post/Courier/Hand Delivery** to the following address:

Group Head (Environment and Climate Action)

National Productivity Council

Utpadakta Bhavan, 5–6 Lodhi Road,

Email: eca.group@npcindia.gov.in

Annexure 2: Criteria for Evaluation

Criteria for APCD Evaluation

S. No.	**Category**	**Criteria / Requirements**	**Documents to be Submitted by OEMs**
1	**Experience & Scope of Supply**	Experience of Minimum 3 installations in last 3 years in design, manufacturing, supply & installation of APCDs for industrial Boiler / Furnaces/ thermic fluid heaters (TFH). (ESP, Bag House/Bag filter, Scrubbers, Cyclone, high efficiency Advance APCD /advance Hybrid APCD for boiler/furnace/TFH, Fume extraction system (FES) for Furnace etc.)	List of projects with details (Client, Year, Type of APCD, Capacity/Size, Performance results, if available)

2	**Technical Specification of APCDs**	**Equipment Type**: ESP, Bag house/Bag Filter, Cyclone, Scrubber, including FES (fume extraction system) in case of furnaces. etc. **Design Capacity:** Air/gas handling capacity & efficiency **Material of Construction:** Durable and corrosion/erosionresistant materials suitable for actual operating environment **Pollution Control Efficiency:** Highest assured performance of APCD **Compliance Standards:** MoEF&CC/CAQM standards **Installation Experience:** Number of installations executed, sector details **Warranty & Service:** Warranty period & scheme and service support system with at least one dedicated service centre at Delhi NCR. **Innovation / Additional Features:** Optional advanced features for performance improvement	Technical catalogues Design calculation/ Performance reports Material certificates / Performance evaluation reports/Warranty documents
3	**Technical Team & Capability**	Organizational chart for design, installation, commissioning & post-installation services	Organizational chart & staffing details
		Minimum qualifications: At least two Engineers with B.Tech/M.Tech (Mechanical / Chemical / Instrumentation /Electrical /Environmental) with one minimum of 4 years' Experience and other of 2 years of experience; Technicians (Diploma/ITI); Service team (≥2 years' experience).	Names, qualifications, roles & experience proof
4	**Financial Standing**	Minimum average annual turnover from APCD business (last 3 years) >₹1 crore, except in case of high efficiency advance	Audited financial statements (3 years)

		APCD/patented/Hybrid technologies.	
5	**Legal & Quality Compliance**	ISO/BIS / IS Codes certification for quality standards (ISO 9001/ 14001)	Copy of certifications
		No ongoing legal disputes/cases	Self-declaration affidavit
6	**Customer Complaint Handling by OEM**	Documented grievance redressal system, complaint response within 48 hrs, resolution within 15 days	Complaint handling policy, record of past 2 years
		Escalation mechanism & evidence of corrective actions	Supporting documents
7	**Client Feedback**	Minimum 3 testimonials from APCD projects in last 3 years (at least 1 from NCR is preferred)	Client testimonials & contact details (Submit Client Performance Certificate (attached Annexure-12))
8	**Optional – Global Supply**	Details of APCD projects abroad (Country, Year, Type, Compliance with CE/ISO/EU standards)	Export performance documents, compliance certificates

Sub: Declaration under "Make in India" Policy – Local Content Certification (Class-I Local Supplier)
Ref: Empanelment of Original Equipment Manufacturers (OEMs) of Air Pollution Control Devices (APCDs) for Installation/Upgradation in Industrial Units in Delhi–NCR
Sir/Madam,

With reference to the above subject, we, M/s _____, having our registered office at _____, do hereby solemnly affirm and declare that:

1. We are a Class-I Local Supplier as defined under the Public Procurement (Preference to Make in India) Order, 2017, issued by the Department for Promotion of Industry and Internal Trade (DPIIT) vide Order No. P-45021/2/2017-PP (BE-II) dated 04 June 2020, and its subsequent amendments.

2. The local content in the product(s) offered by us is 50% or more, thereby qualifying under the "Class-I Local Supplier" category.

3. The local value addition for the product(s) is carried out at our manufacturing facility located at _____.

4. The details of our offered products and respective local content percentages are as follows:

OEM	Type of APCD	Local Content (%)

5. We undertake to maintain the declared level of local content during the validity of this empanelment and to provide verification of local content as and when required by NPC/CPCB.

6. We further declare that the above information is true and correct to the best of our knowledge and belief. In case of any false declaration or non-compliance, we understand that our firm is liable for disqualification, de-registration, or blacklisting as per applicable guidelines.

For any clarification, please contact the undersigned:

Sub: Undertaking for Providing Service Support of Installed Air Pollution Control Devices (APCDs) for a Minimum Period of Three (03) Years

Ref: Empanelment of Original Equipment Manufacturers (OEMs) of Air Pollution Control Devices (APCDs) for Installation/Upgradation in Industrial Units in Delhi–NCR

I, _____, Director/Authorized Signatory of M/s _____, having registered office at _____ _____, do hereby solemnly affirm and undertake on behalf of the Company as follows:

1. That our company shall provide comprehensive service support, maintenance, and technical assistance for the installed Air Pollution Control Devices (APCDs) supplied, installed, or upgraded under the above-mentioned empanelment scheme for a minimum period of three (03) years from the date of installation and commissioning.

2. That our company shall ensure the availability of spare parts, consumables, and technical manpower required for smooth and uninterrupted functioning of the installed APCDs during the said period.

3. That we shall promptly attend to any service or maintenance request raised by the end-user or as directed by the National Productivity Council (NPC) within reasonable time frames as prescribed.

4. That this Undertaking is executed in good faith and with full understanding that any breach or non-compliance shall make our firm liable for necessary action, including delisting or blacklisting from the empanelment, as may be deemed appropriate by NPC/CPCB.

I further declare that the contents of this Undertaking are true and correct to the best of my knowledge and belief, and nothing material has been concealed therefrom.

Annexure 6a: Experience in Installation of APCDs

(To be given on Company Letter Head, to be submitted separately for each APCD)

(Provide details of a minimum of three (03) installations completed within the last three (3) years for each APCD proposed for empanelment. **Note:** Preference will be given to installation experience in industries where the APCD has been installed on furnaces, boilers, or thermic fluid heaters (TFH). If, during the last three (03) years, the proposed APCD has not been installed on boilers/furnaces/thermic fluid heaters but you have prior relevant experience, please also provide details of that experience in addition to the three (03) installations from the last three (03) years.)

Sl. No.	**Industry name**	**Location** (full address)	**Month and Year** (of installation of APCD)	**Emission source** (Type of unit to which APCD is attached Eg furnace, boiler, thermic fluid heater/(others)____)	**Type of APCD**	**Type of Technology** (as mentioned in point no. 21 of application form)	**Capacity of emission source**	**Performance Result of APCD** (Sox, Nox, Particulate matter from stack in mg/Nm3)

Annexure 6b: Field verification format

(To be given on Company Letter Head, to be submitted separately for each APCD)

(From the experiences listed in Annexure-6A, please select three best locations for field verification where the proposed APCD has been installed on boilers, furnaces, or thermic fluid heaters (TFH). If, during the last three (03) years, the proposed APCD has not been installed on boilers/furnaces/TFH, but you have prior relevant experience, please include at least one such recent installation experience.)

Sl. No.		1	2	3
Industry name				
Location (give full address)				
Industry representative with designation (required during the field visit)				
Mobile number (of Industry representative)				
Month and Year (of installation of APCD)				
Type of APCD				
Technology Type (as mentioned in point no. 21 of application form)				
Design capacity of APCD				
Material of construction of APCD				
Warranty Period				
Please confirm if porthole is available at both the inlet and outlet of APCD to facilitate sampling during the field inspection. (Yes/No) If **Yes**, please specify the diameter (in inches): _____	**Inlet**			
	Outlet			
Emission source (Type of unit to which APCD is attached Eg furnace, boiler, thermic fluid heater/(others)____)				
Capacity of emission source				
Units between emission source and stack				
Pollutants Controlled				
Is the diameter of the sampling porthole provided on the stack connected to the APCD greater than 4 inches? (Yes/No) If **No**, please specify the diameter (in inches): _____				
Is Porthole on stack readily accessible for sampling (Yes/No)				
Is adequate space available to inspect the physical condition of the APCD and to take photographs? (Yes/No)				
Performance Result of APCD (Sox, Nox, Particulate matter from stack in mg/Nm^3)				

Annexure 7: Names, qualifications, roles & experience

(To be given on Company Letter Head)

Sl. No.	Name	Employee ID	Designation	Graduate / Post Graduate Qualification (Provide the exact qualification, such as B.Tech Chemical, M.Tech Mechanical, Diploma, ITI, etc.)	Experience (Years)

Note: Minimum qualifications (both mandatory):
a) At least two Engineers with B.Tech/M.Tech (Mechanical / Chemical / Instrumentation /Electrical /Environmental) with one minimum of 4 years' Experience and other of 2 years of experience;
b) At least one technician with Diploma/ITI having minimum of 2 years' experience.

Details of Technical person who will coordinate the field visit
