## 1. Introduction

The grievance process, outlined in the document, provides an avenue for stakeholders to voice their concerns and gives transparency on how grievances will be managed internally, which aims to reduce conflict and strengthen relationships between external stakeholders.

## 2. Scope

The grievance mechanism procedure applies to all external stakeholders of our operations. This procedure does not cover grievances raised by internal stakeholders, such as employees, who are to refer to company internal grievance standard.

## 3. Definitions

| Term | Definition |
|---|---|
| Grievance | An issue, concern, problem, or claim (perceived or actual) that an individual or community group wants addressed by the company in a formal manner. |
| Grievance Handling Mechanism | A way to accept assesses and resolve community complaints concerning the performance or behavior of the company, its contractors, or employees. This includes adverse economic, environmental and social impacts. |
| Internal Stakeholders | Groups or individuals within a business who work directly within the business, such as employees and contractors. |
| External Stakeholders | Groups or individuals outside a business who are not directly employed or contracted by the business but are affected in some way from the decisions of the business, such as customers, suppliers, community, NGOs and the government. |

## 4. Grievance Reporting Channels

Michelle Enviro will communicate this procedure to its external stakeholders to raise awareness and offer transparency of how stakeholders can voice their grievances. Various channels for external stakeholders to vocalize their grievances formally include:

Stakeholders can connect with the Admin & Liaison officer

**Email**

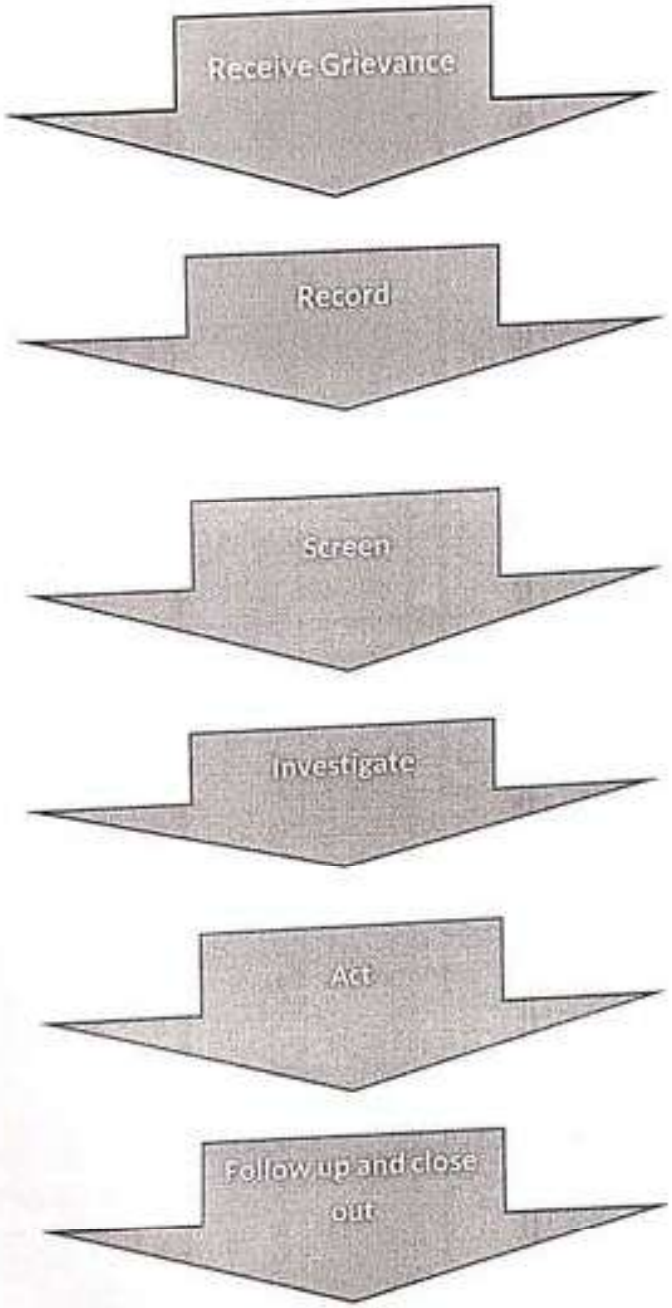
Mr. Claud Francis (Grievance Officer)
**me.service112@gmail.com**

## 5. Roles and Responsibilities

| Role/ Position Title | Responsibility |
|---|---|
| Grievance Committee<br><br>(Team Comprises of Function heads , & Environment Engineers) | • Employee investigating the grievance and liaising with the external stakeholder/s.<br>• Developing resolutions and actions to rectify any issues.<br>• Follow up and track progress of grievance. |
| Stakeholder Contact Officer (Admin & Liaison officer) | • Receive grievances and forward to Grievance Committee.<br>• Makes sure the grievance mechanism procedure is being adhered to and followed correctly.<br>• Maintains grievance register and monitor any correspondence.<br>• Monitor grievances/trends over time and report findings to the Committee.<br>• Document any interactions with external stakeholders. |
| Employees<br><br>(Heads, Admins & Environment Engineers) | • Receive grievances in person.<br>• Report grievance to the Stakeholder Contact Officer by lodging the Grievance Lodgment Form.<br>• May provide information and assistance in developing a response and close out of a grievance. |

## GRIEVANCE MECHANISM PROCESS

The figure below describes the process that will be used to resolve any grievances:



**Electronic**
The stakeholder contact officer receives all grievances that come through via email/Whatsapp. The stakeholder contact officer will review the grievance form and process the grievance in accordance to this procedure.

**a. Record**
All formal grievances will be logged in the Grievance Register and Grievance Lodgment Forms will be saved in record of correspondence.

**b. Acknowledge**
A grievance will be acknowledged, by the grievance owner, within five working days of a grievance being submitted.

**c. Investigate**
The Stakeholder officer along with the employees is responsible for investigating the grievance. The investigation may require the team to make site visits, consult employees, contact external stakeholders and complete other activities. Records of meetings, discussions and activities all need to be recorded during the investigation. Information gathered during the investigation will be analyzed and will assist in determining how the grievance is handled and what steps need to be taken in order to resolve the grievance.

**d. Act**
Following the investigation, the Stakeholder officer will use the findings to create an action plan outlining steps to be taken in order to resolve the grievance. The Stakeholder officer is responsible for assigning actions, monitoring actions undertaken and making sure deadlines are adhered to. Once all actions have been completed and the team feels the grievance has been resolved, they will then formally advise the external stakeholder via their preferred method of contact.

**e. Follow up and close out**
The Stakeholder officer will make contact with the external stakeholder/s two weeks after the grievance is resolved. When contacting the external stakeholder the stakeholder officer will verify that the outcome was satisfied and also gather any feedback on the grievance process.

## 7.STORING OF GRIEVANCES

All records, including grievance forms, investigation notes, interviews and minutes of meetings will be securely filed and confidentiality is maintained for all parties involved.
