This is to certify that **M/s Michelle Enviro**, an ISO-certified manufacturing firm engaged in the **design, manufacturing, supply, installation, and commissioning of Air Pollution Control Devices (APCDs)**, provides the following warranty for the **Baghouse Filter System** supplied to.

1. WARRANTY PERIOD

Michelle Enviro warrants that the Baghouse Filter System and all its associated components shall be **free from defects in design, material, and workmanship** for a period of **12 (twelve) months from the date of commissioning** or **13 (thirteen) months from the date of supply**, whichever is earlier.

2. WARRANTY COVERAGE

This warranty covers the following major components and subsystems:

- Baghouse Casing and Structural Frame
- Filter Bags and Cages (Initial Supply)
- Pulse Jet Cleaning System (Compressed Air Header, Valves, Solenoids, Timer Panel)
- Hoppers, Rotary Airlock Valve, and Dust Discharge System
- Differential Pressure Gauge, Sensors, and Electrical Control Panel
- ID Fan and compressors ,Motor (if supplied under Michelle Enviro scope)
- Interconnecting Piping and Accessories

All components supplied by Michelle Enviro are warranted against manufacturing and material defects under normal operating conditions.

3. PERFORMANCE GUARANTEE

Michelle Enviro guarantees that the installed **Baghouse Filter System** shall achieve:

- **Particulate Matter removal efficiency 97-99%**
- **Outlet emission level ≤ 80 mg/Nm³** (or as per the applicable SPCB/CPCB standards), when operated under design conditions.

The performance shall be validated during the trial run and acceptance testing of the system.

4. SERVICE & SUPPORT COMMITMENT

- Michelle Enviro shall provide **on-site technical support and inspection** during the warranty period.
- **Response Time:** Service engineer shall attend the site within **48 working hours** of notification.
- **Corrective actions, replacements, or repairs** will be carried out free of charge during the warranty period.
- Operational and preventive maintenance guidance shall be provided to client personnel.

5. SPARE PARTS AND CONSUMABLES

- Michelle Enviro shall ensure the **availability of genuine filter bags, cages, solenoid valves, and other critical spares** for a period of **Three (3) years** from the date of commissioning.
- Consumable parts such as filter bags, gaskets, and pulse valves will be available at nominal cost post-warranty.

6. EXCLUSIONS

This warranty does not cover:

- Damage due to improper operation, fire, flood, or corrosion from unapproved chemicals.
- Failure caused by abnormal dust load beyond design capacity.
- Wear and tear of filter bags, gaskets, and rubber components.
- Repairs or alterations carried out by unauthorized persons.
- Electrical failures due to voltage fluctuation or improper earthing.

Michelle Enviro

7. WARRANTY CLAIM PROCEDURE

In case of any failure during the warranty period:

1. The client shall report the defect in writing or via email to **Michelle Enviro**.
2. Michelle Enviro shall acknowledge the complaint within 24 hours.
3. A service team will visit the site within 48–72 hours to inspect and rectify the problem.
4. If necessary, defective parts will be repaired or replaced at no additional cost.

8. VALIDITY

This warranty certificate is valid upon successful **installation, testing, and commissioning** of the Baghouse Filter System and shall remain in effect for the warranty duration mentioned above.
